

"Malen'kaya strana" Results 2019, Our Plans 2020

<http://zaritki.ru>

How did the "Malen'kaya Strana" begin?

The Ryazan regional public organization to help disabled children "Own way" appeared in 2006. Teachers help to solve the problem of social exclusion, and art therapy reveals their sleep potential.

The teachers faced new tasks, for example, "how to help children grow up and develop and become independent." This is how the "Malen'kaya Strana" project was born - a territory for development and recreation.».

“Malen’kaya Strana” – Big opportunities

A “Malen’kaya Strana” is an opportunity for special children to gain experience (independence), and then live in society (and be included in all spheres of life in a “Malen’kaya Strana”).

We see the “Malen’kaya Strana” as a living organism that can become a home for 15 boys and girls aged 17 (18) to 35 (42) years.

The project is a small-scale model of supported living for young men and women with mental and other disabilities in rural areas.

Creating conditions for a full life, namely, independent or partially independent participation in all spheres of life of the “Malen’kaya Strana” community, work on the farm, in the garden, in the workshops, in the preparation and conduct of holidays, leisure activities is a priority for the project.

The most important thing is to help outlive oneself as adults and gain the experience of SELF-DEPENDENCE, which means to help SELF-RECOVERY. Processes that are important and valuable for any person.

Results 2019 Festival "Ivan Tea"

This festival is truly inclusive. He does not divide people into ordinary and special. This festival is for everyone and everyone is on it to their liking and opportunities.

For those who could not prove themselves in master classes, the festival gives a sunny mood, a nice drink of "ivan tea" and always a wonderful concert where people of different abilities perform.

To be among people, to be for people is a valuable acquisition for everyone, regardless of our characteristics! The festival unites us, is different and so wonderful.

Who helped us in 2019:

- Pavelko Alexey - 200,000 rubles spent on building a house.
- Roman from Kolomna - gave us 5 beds and linoleum for the whole house.
- Alexey Kuznetsov - 80,000 rubles for the construction of a terrace
- Terentyeva Natalia - 60,000 rubles
- Other benefactors - 500 rubles

We were also assisted by many volunteers in a variety of work on and off the site.

We would like to thank all our helpers and benefactors!

Other plans 2020

- Have 2-3 volunteers at the site throughout the summer.
- Find our operator-photographer who will record our activities.
- Find a person who will help us do fundraising, make reports on what is happening.
